Experience

GE Appliances

Digital Technology Intern

August 2025 - December 2025

- Working with the Data Governance & MDM team to build 5-10 data quality rules and resolve issues

Publicis Sapient

Software Engineering Intern

June 2025 - August 2025

- Produced a PIM system that leveraged AI to help marketers generate personalized, consistent, and quick copy
- Implemented a full-stack financial chatbot, Finn, that educated and encouraged non-experts to begin investing
- Created definitions, side panel widgets, and 'Ask Finn' functionalities on a scalable, UI-friendly website

24/7 Teach

Web Development Intern

November 2024 - March 2025

- 24/7 Teach is a company committed to making education accessible for everyone through online courses
- Built the functionality and implemented the design of a 'forgot password' and 'reset password' page for an AI chatbot

Playing With Beta Translation Research

Research Assistant

August 2022 - April 2023

- Upgraded visual appeal of educational card game, Tower of Babel, to familiarize college students with archival research
- Surveyed 45+ users on their gaming experiences and conducted in-depth research on web design and accessibility
- Tailored four different UI/UX mock-ups which gamified previous designs and implemented personalization features

Projects

Fridge2Fork

Full-Stack Developer

January 2025 - May 2025

- Developed an app that helps college students generate easy to make recipes from leftover fridge ingredients
- Designed and implemented functionality of login, create account, grocery, preferences, and fridge pages

Leadership

Project: Code

Project Manager

August 2024 - December 2024

- Led the development of a Language Exchange website to connect international and American-born UIUC students
- Coded features such as email verification, storing user information in a database, and algorithmic matching

Zero2One

Development Team Co-Director

August 2024 - Present

- Engineered a Canvas-like platform to help student entrepreneurs stay on top of their tasks and access helpful resources
- Refined the design and functionality of the official Zero2One website to improve readability and user experience

National Organization for Business and Engineering: Illinois Chapter

Technology Committee Chair

August 2024 - Present

- Interviewed 30+ candidates, assessing their skills and evaluating how they would contribute to our team
- Managed 35+ members of the tech committee including clients, project managers, and team members
- Improved team member retention rate from 30% to 90%
